# BIE DAY AT CSC

The teachers of the City and Parochial schools sat in industry's classroom, Wednesday, August 29th, when the second Business, Industry and Education Day rolled around.

The pattern followed much the same as last year, except in 1951 the morning was wet, wetter, wettest.

All teachers and leaders of industry met at the Mayflower Room at nine o'clock to hear brief greetings from leaders and school officials. The showing of a movie, "KIP VAN WINKLE" narrated by Don Ameche, closed the session.

The teachers who had chosen to spend the day with us included Sister Mary Joan, dean of women at St. Mary of the Woods College, Sister Margaret, professor of journalism, also of St. Marys; Sisters Alicia and Serena of St. Margaret Marys Parochial School, and Sisters Emily and Anysia of Saint Ann's. Father Winterhalter, representing all parochial schools, also spent the day at CSC.

The city school teachers included Robert W. Ahrens, Gladys Apple, Norman L. Darrow, Merrill Elliott, Pauline Evans, Leslie Felling, Mary Nell Geiser, Mildred Hixon, Rosella Lunsford, Alice B. McGuirk, Ralph G. Miller, John O'Connor, Helen L. Pugh, Earl Pike, Lorena Reed, Robert W. Ross, James H. Royer, Malcolm Scott and Norman Cotton.

The day at Solvents began with a visit to Lockport Hill which included Specialties, Sixide and a briefing on the newly installed pig colony. Reservations for luncheon had been made at the Golden Pheasant so at noon the teachers were joined with some of the personnel from CSC which included Maynard C. Wheeler, Clyde Ellis, T.S. Carswell, Wm. J. Evans. Dr. J.M. Martin, F.M. Crawford, Dr. Richard Egly, Dr. Ralph E. Bennett, Dr. J.A. Riddick, Dr. N.J. Spencer, Dr. R.C. Klussendorf, J.W. Bulls, John Christenson, John Jackson, Wilbur Keko, T.E. Drake, W.E. Ouwenel, John Stobbart, Roy Mitchell, Richard D. Williams, E.J. Boroughs, Dr. J.W. Brooks, Hugh Bragdon, R.W. Jarvis & Martha I. Swanson. W.J. Exum of New York office was also a guest.....

The teachers who had signed to visit Solvents, but for one reason or other were unable to attend that day, were Wanetta Adams, Esther Baker, Nelle Duncan, Mafalda Fenoglio, Joanne Hutchins, Willard Kehrt, Madge B. McGraw, Robert A. Myers, Roy E. Newman, Ethel M. Ray, L.E. Stolp, Julia Zimmerman.

When the teachers arrived at the Golden Pheasant, the noon edition of the Terre Haute Tribune was placed at each plate. On the front page was a picture of the teachers taken 2½ hours before at the Terre Haute House. That's BIG CITY stuff..

The afternoon was spent at the main plant, beginning at 1:30 with a group picture in front of Research. (See pix page). CLYDE ELLIS welcomed the group in Research seminar, giving a brief history of the Company; T.S. CARSWELL was introduced and he spoke extemporaneously, answering some of the erroneous charges leveled against the chemical industry by Representative Delaney of New York....

MAYNARD WHEELER spoke on "Commercial Solvents in the Community" reminding the teachers that our employees are their neighbors, their friends; that CSCERS may be found in almost every church, in the Community Chest, Community Theatre and almost all clubs and organizations. He added that their interest was NOT dictated by the Company, their interest is simply good citizenship.

From three o'clock until five, tours were made of Research, Pharmacology and Penicillin. It was indeed a rich experience for industry to meet and have as its guests, the teachers of Terre Haute.

BLOOD DONORS, BLESS THEM

The telephone rang at six o'clock the other morning. JIM MCCALLUM was asking for a Type A blood donor for his wife who was being rushed to surgery. At 6:10 she went to surgery; at 6:20 two blood donors, HAROLD MEYERS & GENE KRAEMER, were enroute to the Hospital. Our sincerest thanks to the watchmen who did a terrific job in finding the donors at that early hour. But that's typical of our CSC family.....

# THE 10 O'CLOCK FEEDING

The BILL LIDSTER family is becoming formula-conscious with RHONDA SUE demanding her meals on time. Born August 18th (7:45 AM) at Saint Anthony's, this First in the Lidster household weighed 8 lbs, 6 ounces.

MR & MRS GERALD BOYLL want to introduce their son, GERALD CLIFFORD, Jr., who arrived at the Southside hospital, 10:54 AM, August 24th. The kid tipped the scales at 8-1/2 pounds.

The HAROLD BURNS very proudly present a beautiful 3-1/2 months old daughter which came to their house, August 28th. She has been named CHARLINE KAY. There is fifteen pounds of loveliness there, according to her new daddy.

Our heartiest congratulations!

## SAFETY CONTEST STANDINGS AS OF END OF JULY 1951

At the end of July the standings of CSC plants in the 1951 Safety Contest was as follows:

<u>Plant</u>	<u>Frequency Rate</u>
Carlstadt	0.00
Agnew	0.00
TERRE HAUTE	8.48
Dixie	15.92
Peoria	32.20
New Orleans	39.21
All plants	16.14

Carlstadt continues its excellent no lost-time record which now totals forty-four months. Terre Haute has worked over 400,000 man-hours since its last lost-time accident on June 30th.

## THERE SHOULD BE SOME CHANGES MADE

It is VERY, VERY IMPORTANT when you add a baby, a wife; change your address, or dependents, that you notify the TIME OFFICE IMMEDIATELY, IN PERSON. The "In Person" angle applies specifically to change in dependents.

Several maternity claims have been disallowed just because a Change-Of-Status report was not made IMMEDIATELY at time office. It is up to YOU to see that this is done.

HOURLY-RATED EMPLOYEES: Please look at your paycheck today. The deductions should read as follows:

Single employee . . . . .	29 cents per week
Employee with one dependent . .	55 cents " "
Two or more dependents . . . .	71 cents " "

If your deductions are not in keeping with your status, notify Time office at once.

## BOWLING SEASON COMING UP

## WANT TO SEE SOUTH PACIFIC ?

There is being planned a trip to Chicago for the weekend of October 6th and 7th for the pleasure of seeing SOUTH PACIFIC. The cost will be \$30.00 which includes the following: Round trip, Terre Haute to Chicago, on a streamliner, hotel accommodations, lunch, Saturday noon; good seats at the matinee performance, Saturday; transfer from railroad station to hotel, from hotel to theatre, and on Sunday from hotel to station. Also included are tips to porters and redcaps. On Sunday morning there will be a sight-seeing trip around Chicago. Saturday evening is free as is most of Sunday. Saturday evening dinner, Sunday breakfast and lunch are not included in this rate. This SOUTH PACIFIC trek is limited to thirty persons due to the difficulty in obtaining theatre tickets. So first come, first served. CALL CRAWFORD 7977.

## PROCESS DEPARTMENT NOTES

Looking very rested are ex-vacationers MAC MCCUTCHAN, BOB NEWELL and BOB "RED" MCCULLOUGH.....Process will soon start a Tall-Story Contest (being sure that they will cop the trophy). RALPH BRILL tells how he had to use whales for bait on his recent fishing trip, so the other liars haven't a chance...GARTH THOMAS went to sleep while driving. When he awakened his car was wrapped around a telephone post. THOMAS soon recovered, but the car hasn't yet..

The Trading Post item of JIM HOWARD'S backfired. Someone called him in the middle of one night and asked him if he had an apartment-size washer for sale; then wanted to know what size apartment it washes.....A smack-up roasting-ear feast was held in the lab. Roasting ears furnished by JEAN HENDRICKS, butter by OPAL FENTON, and cake by LEE WEBB.

JEAN HENDRICKS has been appointed director of music for Job's Daughters, and is now very busy organizing the choir.

## PENICILLIN FINISHING DIVISION - Mary Hedding, reporter

HARRY JUKES left for the Navy September first, which is the reason DORIS JACKS looks so downcast.....The Lookout Mountain and the Smokies were wonderful to see - according to DOROTHY KISNER.....

Production is really rolling now. The new bottle-washer room and others have been redecorated in pastel shades, which inspires the gals to doing their best.

MARY HEDDING spent Labor Day weekend at Saint Louis visiting and enjoying the zoo.....Phil Reed grew some nice new teeth while vacationing. They are most becoming.....The long weekend spoiled most of the girls, who visited in many cities, as well as the Indianapolis State Fair.....PAUL WEST was welcomed back to penicillin. He is foreman over the girls.....PAT MCCLURE did a fine job last wk keeping books for the capper room while MARG ANDERSON loafed at some vacation spot. BILL SMALL was the winner of the Craftsman tool chest which was given away by the Rabbit Club.....After being the indirect cause of his wife's head being conked, PAUL SHAW got out of the doghouse by promising to take her on an Iowa vacation.

Is CHUCK RING'S sudden popularity due to the bonus he is expecting? ED (MONEYBAGS) SCHULTZ won \$300.00 and had to have a reminder from the office to cash four checks which he had forgotten about.....MRS. JAMES STAGGS is baby-sitting in New Mexico while her sister-in-law is convelescing.. JIM STAGGS went to the County Fair two nights in a row. Nothing interested him much except the Lawrence Bros. show.

## SPECIALTIES OFFICE

BETTY JO ESCHERICH (Lockport plant operator) vacationed in Milwaukee, Wisconsin..... The new girl in Specialties office is MARY ARNETT..

OUR DEEPEST SYMPATHIES TO GLENN CHURCHILL in the loss of his father; to Dr. ED HODGES whose father passed away at St. Petersburg; to WILLIS FISHER in the accidental death of his brother; to GENE SMITH in the tragic triple death of his aunt, uncle and cousin at Dayton, Ohio....To ART MYLES in the recent death of his mother.

## YARD GANG SWEEPINGS

In order to get in free at the County Fair JOHN CLEMENTS and JIM CHANEY swept out the stable of PAPER DOLL daily...JACK MC-LAUGHLIN says he heard that JOHN had asked "BUCK" PINE about putting \$2.00 on PAPER DOLL'S nose. BUCK was afraid to do so because JOHN wanted to do the same thing last year but PAPER DOLL'S other end finished closer to the starting line. You see, CHANEY started cheering for her and she turned around and headed for the stable

BUCK has come to the conclusion that JOHN and JIM enjoyed themselves at the Fair because he's had numerous reports that the horse was sitting down in the stable. And so were John and Jim.....

## TRAFFIC DEPARTMENT DOPE

The gals in Traffic and some from other departments toured the plant with ADRIAN STANLEY as guide. They visited Penicillin plant, Research, Bacitracin and Microbi; South plant, whiskey warehouse, pen packaging and the Lockport plant.

Quiet reigned in Traffic last week. "WINDY" MCCULLOUGH vacationed.....PAT BURCHFIELD is looking for a pair of eye openers to keep her eyes open after that airman B.F. of hers come home on furlough.....BOB ARCHER found a black widow spider, wearing a bow tie, hanging over his desk...

## PENICILLIN PLANT NEWS - DOT HARVEY

More new diamonds are flashed around. This one on the finger of DORISANN CORBIN. BRUCE ALBRIGHT is the party of the second part.....DOT HARVEY was on the receiving end of a wonderful birthday party, Aug. 15th.. HELEN GOODWIN is also an August child....BILL SISSON has taken over the broom and mop while ERNIE JOHNSON takes some loafing time off.... We started this column on a sparkler note. We will end the same way by wondering if SHIRLEY BLAND will return from her vacation with a new ring?

## SPECIALTIES PLANT - JEAN FINKSTON

ELMER BROWN is taking up fishing while on Loaf Leave....BILL ELMER, JERRY HARMAN and JERRY BALLINGER will be re-entering college soon...Skating parties are the popular pastime of some people - such as "RUNT" TURNER and ELMER LESLIE. RUNT has a sore elbow as the souvenir of the last skating spree he was on...HARRY JUKE'S navy life has taken him to SAN DIEGO..

The men have organized their bowling team and will use SAMMY "PORKY PIG" LISTON as their bowling ball. He's so round, so firm, etc.....BROWNIE'S cabin is the scene of frequent stag parties...MARY GREENMORE is in favor of these Navy leaves....ROLAND MITCHELL helped the little woman hang wallpaper while he was on vacation....

"May you get to heaven a half an hour before the devil hears you're dead" DENNIS DAY'S parting statement at State Fair, Indianapolis.

**Be Friendly**

## SOUTH PLANT DOINGS

"DUKE" TAYLOR is digging into his vacation with a shovel. A basement, that is..."COWBOY" PAYNE is taking the Lazy Way Out....

BOB GRIEVES, complete with handlebar moustache visited the plant. He had just arrived from Korea. Wonderful to have our boys back again.....

BARBARA SPRIESTERSBACH reports from the south that she has had her big toe in the Atlantic. We hear that SOL DEHART cut a cute "buck and wing" down in McIntyre's office....WE have received a visit from HARRY TAYLOR, his wife and family.....DEWEY WESTFALL becomes everyone's "honey" when the flowers are their prettiest....BENCE MCINTYRE is treating us to a fish sandwich when he returns from the fishing trip at Kentucky Lake. We can dream, can't we?

HERMAN KRIESCHER, retired, visited the south plant gang last week, reminiscing and swapping stories....We hear RALPH SERVIE took a trip to Oklahoma.....

## BOB GRIEVES HOME FROM KOREA

As has been mentioned in the South Plant news, BOB GRIEVES is home!

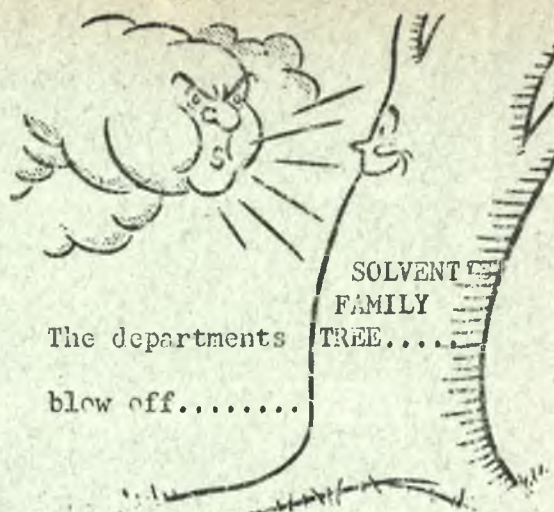

A walrus moustache came thru the Time Office door early one morning; backing it up was Bob, grinning like a Texas sunset at being home. The train had brought him to Terre Haute the night before, so he had stayed in town and came to Solvents very, very early the next morning. He had come home. He wanted to see his CSC family as soon as possible. And we wanted to see him.

BOB was in the trap where so many of our fine boys lost their lives. He hid out in the woods and there weren't too many trees. Korea is rugged and filthy. Bob has been in the active and inactive Reserves for nine years and 12 days and if Uncle Sam wants him again, they'll have to go up to Rosedale and drag him down the hill, feet first. He made the 38th parallel five times. After a few days of visiting around, BOB GRIEVES will again be punching the time clock at his favorite place of business - CSC.....

## DRAFTING DIGGINS

EMORY DIXON, former draftsman and S.A.F. D.D. - you guessed it - "Special Agent for Dorothy Dix" visited the Drafting room recently before returning to Evansville to resume his teaching duties. "HAWK-SHAW" DIXON is still working on the "Great CSC Mystery Classic" or "Who Put Rocks in EMORY'S hubcaps?" Although we see Dixon only occasionally, we read of his exploits in Valley newspapers from time to time.....DON CARLOS KEENEY steadfastly refuses to get a haircut now that he has perfected his "ducktail" effect coiffure.

## PENICILLIN ANNEX SHIFT No. 2 -G.F.SLAVENS

We want to know what show was so good at the Vigo County Fair that MAX MORRIS had to see it every day?? Has BOB NORRIS learned to go straight home from work yet?... What did HEYM MCPHEETERS get so excited about that he dropped his teeth in the sewer?.....Does Mrs. HALLOCK know how good AB is with a broom and mop? He also washes windows pretty good, too....JOHN LOVELLETT says "I sure hate to go to bed at night for there is that awful thought of having to get up the next morning." .....JIM BROWN has been making aluminum and green paint fly. He worked hard to make the place pretty for the school teachers who visited us on B.I.E. Day..

Shift No. 2 welcomes supervisors STU CHESTNUT, who replaces BOB GODFREY, and AL KLEME, who is taking over while BILL HAYES is on vacation.....

SHIFT WORKERS' LAMENT: We can hardly wait to end the Hoot Owl and move on to the afternoons, but when we start the day shift, Brother, it ends too soon. We take a shot at the old Hoot Owl and a trick at the three to eleven, but once a month, we're working days and that, my friends, is Heaven.

## DERIVATIVES, SHIFT NO.1

ED CURLEY, squirrel- hunter, De Luxe, bagged five recently...OREN MCCANN is back at work following an operation.....ED AMES is back from a Florida vacation...LUTHER TODD also ran all over the country for a week.....The Dusenberry twins gave Grandpa JIM ROMAN a lesson on how to use a hand drill. They drilled two holes in his canvas boat, YIKES!;, before he could get it away from them.....While going to a Friday night supper two weeks ago, I observed our friend, CHARLES STEINSBURGER washing dishes. (Mamma knows about this.)

## CHEMICAL CONTROL

LABOR DAY WEEKEND...Three whole days of nothing but rest - that is, if there is no painting to do, grass to cut, windows to wash, or anything else that one has to do. What a dream!.....With LOUIE YANSKY, the SIDENBENDERS, Inc., and PAUL PHILLIPS on vacation, things are quiet here.....BOB "Papa" PAYNE is getting more or less dignified....CARL FREEZE' pigs placed second in the County Fair....FORREST HUBBARD is still working nights out on Deming Street.....BILL GILTZ pitched a no-hitter a week or so ago, but then it was a different story this past week....In case you should need an outboard motor, call 237 and ask for WAYNE "FORTY-FATHOMS" CUMMINS... PAUL LOVE told this poor soul that it is just 15 minutes and 52 seconds to the American Legion in Brazil...timed pretty well, I would say!....HERB COX is now living in the Hotel El YMCA (Southern Exposure, no less)....BILL WEST is heading for the Windy City for the holidays. Surely hope he makes it this time....Anyone wishing to sell a Piper cub plane, see IVAN SCOTT, so he may fly from Rosedale.....MARVIN STEWART is thinking strongly about building a stockcar. Anyone wishing to help him may do so by calling 237....."BUCK" BUCHOLZ is now doing an excellent job on filling in for all those who take their vacations....."SCHOOLBOY" HIGGINS is now - if you'll pardon the expression - working full time....

With our newest addition to the lab, we welcome WILFORD SPRING who is doing a good job. WILFORD is considered one of the finest in the square-dancing field..... In case you have read this far, this is your not-so-roving Reporter "SCOOP" NICKLES saying "thanks for reading our column."

## GUESTS WITHIN OUR GATES

A group of nineteen members of the Cory, Indiana Home Economics Club visited the pen plant on August 24th....On August 22nd fourteen members of the Kitchen Key Home Economics Club of Sullivan, Indiana were here; on August 30th, 33 members of the Dudley, Illinois 4-H Club were our guests...

DR. MARVIN C. BACHMAN is now Director of Microbiological Research, to fill the vacancy of Dr. Sylvan B. Lee who has accepted a position in charge of antibiotic production for E.R. Squibb.

Also congratulations to DR. JOSEPH M. PENNICK who has been made Director of Nutritional Research. This new division was created in recognition of the important position which CSC has in the feed supplement industry.

The third appointment announced by T.S. CARSWELL was that of DR. RALPH E. BENNETT who has been made Assistant Director of Microbiological Research. He will be charged with the guidance of the laboratory research program.....

#### BETTY HUGHES REPORTS

Dr. S.B. LEE, who performed the duties of Director of Microbiological Research until August 28th has taken up new duties in the production department of Squibbs at New Brunswick, N.J. We of Research shall long remember his friendly attitude...

MRS. MYRTLE CALBERT left CSC August 24th. She was Dr. Lee's secretary. She has gone to DuPont where her husband is also employed.....MISS DONNA YOUNGBLOOD became Receptionist on August 27th...MRS. BARBARA COYNE SCHLAF was greeted with well wishes and a lovely gift upon her return from her honeymoon.....BILL PATRICK announces that he will soon leave for Maryland. He has been working in the development group. We are happy to hear that Mrs. Pat is doing nicely after being seriously ill. The tiny son is doing all right in his incubator home.....The HICKEYS have been vacationing in such western spots as Salt Lake City, New Mexico, etc.....VIRGINIA, daughter of Dr. ALFRED STANLEY took first place and sweepstakes at the recent Vigo County Fair in the handcraft division. Her entries included a travel jacket, cross-stitched skirt and a Western doll. The Western doll has also been entered at the State Fair at Indpls.

ROY COHEN and JOHN KOSEWICZ enjoyed the opera at Saint Louis recently.....DR. RID-DICK'S new secretary is DORIS PEMBERTON, wife of that tall, good-looking fellow on third floor....ELEANOR KROPP's vacation took her to the East, also on a fishing trip in Wisconsin....BILL THOMPSON of MPP is now a husband....After attending the A.C.S. meeting in New York, September 4,5,6th, TOM CRAIG headed west for Colorado ending at San Francisco.....

#### CONSOLIDATED THOUGHTS OF MICROBI

SLEEPY-TIME BOB MORRIS is now back on the job after being hospitalized when his car overturned last Friday morning. The accident happened around 2 in the morning and BOB woke up around seven wondering where he was....If you ask any member of the NBPP lab about the stag party, they will ignore you.MICROBI welcomes JOHN WALSH, a grad., of Bradley University.....CARL KISNER has a new bike. Had to get it. His old one broke in two carrying him and GIL GRAHAM. He should get a bicycle built for two.....

#### ANALYTICAL FINDINGS

JAMES "TINY" BEARD beat Uncle Sam's plans and joined the Air Corps.....LARRY JONES gave BILL HEINY a sample of his football punting. Only one mistake. LARRY missed the ball and kicked BILL.....New members of the division are WAYNE WOODS, JACK KENDALL and BILL COLLENBAUGH.

ERVIN ELLIOTT, Jr., claims he is now playing drums for a foundation. The ELLIOTT FOUNDATION.....VAUGHN and BROWN claim he is playing for a position...LARRY BAXTER is taking a vacation. DOC.RIDDICK is combining business with vacationing and will be found up Cape Cod way.....The Analytical bowling team is all fired up and ready to roll.....The back-to-school movement is hitting us now. BOB RAY goes back to ROSE POLY as does JOHN KELLY AND BOB LIGGETT BILL HEINY and STAN LEWIS are going Indiana U.....JOE CREEDON, planning on fishing in Wisconsin, heard that it was cold up there, so figures he'll have to cut holes in the ice.

WELCOME MAT: DR. HOWARD L. DINSMORE of Phila joined Analytical August 20th. He attended Johns Hopkins & the U. of Minnesota. He is married and has three little Dinsmores, HOWARD L., JR., GEORGE and EVA.

#### BOY SCOUT TROOP NO. 10

The regular weekly meetings of Troop 10 are to be resumed starting tonight at the South Plant. With summer vacation over, the program calls for a number of outstanding events. The troop is for your sons and this is an invitation for him to join. The boys are going on an overnight hike this month, and a watermelon feed on the 13th.

# BASEBALL

The DIXIE CIRCULATOR recently stated that one of their pitchers had set a strikeout record for Solvents pitchers of 17 strikeouts in an 11-inning game.

DIXIE PLEASE NOTE: "DUKE" TAYLOR struck out 18 men in a regulation nine inning. It's possible this may be some kind of record for Solvents pitchers.

THE DIXIE CIRCULATOR ALSO STATES "You cannot depend on news you might read in the Spirit of the Nation. After being in Monroe since early June, WARREN TROWBRIDGE reads where he made a trip south with the Norway Ball Club." (Editor's note: May the angels love you all, honey chile, for a-settin' us straight and makin' us dependable once mo'h. Or is we evah dependable?)

## CSC INTERPLANT SOFTBALL TOURNAMENT - DOUBLE ELIMINATION YARD 8, Office 7 - FINAL

The Yard team won out over the office in nine innings after overcoming a six-run lead in the early part of the game. BOB PAYNE came through with the game's winning hit to score BILL SMITH and "SHORTY" LAWRENCE on the bottom half of the ninth after the office team had moved into a one run lead in their half of the ninth. BUD BRUSSELL was the top hitter for the losers.

PUSAN, KOREA - "I received another copy of Spirit and thought I would give you my change of address. I've been in Pusan for 1-1/2 months. As things look right now, we'll be here for 16 1/2 more. You have to be in the rear lines 18 mos., before you are eligible for rotation. You see, I'm with a 90mm gun outfit and we're guarding an air base (K-1) back here. I find my work interesting, but I think I'll go crazy. 18 months back here just waiting for an air alert gets rather monotonous. Last Sept. this outfit was used as Field Artillery and they saw a lot of combat. We all went back up front because we'd go home sooner and the time passes faster. I've learned quite a bit about radar, computers, and tracker heads. It involves a lot of mathematics.....Sorry I haven't written sooner. This place has nothing and a person's mind becomes a blank."

FORT RICHARDSON, ALASKA: "....I'm way up north in Alaska. They call it the 'Golden North'. I would just as soon have the Sunny South..It only gets about 80 Degrees below zero up here; ...the snow usually doesn't get any higher than your waist, if the weather is good. They keep you so darn busy you don't have time to write letters home. Don't know how long we've been on the move, or how long we're going to be up here. I will try to write more often to keep you posted on dear ole Alaska."

PVT. DALE L. EVANS, BTRY A, 114th F.A.BN., 31st INF. DIVN. FORT JACKSON, S.C.

"...I'M OK and making it just fine but Boy, I would like to be back at C.C. I sure miss it a lot. I get the Spirit. I sure like it and the boys in my tent like it too. It sure is nice of you to send it to all of us. I would sure like to be home so I could go to the Stag.... Sorry to hear about KISNER not being well. I hope he gets well real soon. Tell JACK AGNEW I'm glad he is to be President of the Bowling Congress because he sure is a nice boy to work with and tell him I said 'hello'..... I'm sitting on my bunk looking at the Spirit and writing you, all at the same time. We just came back from the field. This Army life is Some Life....."

Sfc BILLY D. MCCOMBS, CR 3599 1094, Co. B10 Engr. C. Bn, 3rd Inf. Divn, APO 468, SAN FRANCISCO

"...I am in fine shape after climbing these hills here in KOREA. Just small ones - from 500 to 1500 feet high.....Things are quiet for a while just waiting to see who makes the next move....I have tried to reach Cpl. CHARLES E. PATTERSON of the 51st Signal Group. His platoon is working beside our area but everytime I try to find him, they have him on a hill somewhere. I'll keep trying. It's the rainy season here and I mean, it rains! The rivers will raise 12 feet in 2 hours....We lost our mail in a flood over here but now the moral is 2.5 higher than it was on the 21st, which was 000.002/5, and I mean low....."

PVT. GALE K. LISTON, US 5517 7660, Co. B, 13th Inf. Regt., 8th Inf. Divn., FORT JACKSON, SC

"The weather is hot down here....but at night it usually gets a little cooler. The army has been treating me pretty good. They work us just as hard as we did at home. As far as I'm concerned, I wouldn't join up. It's OK, but too far from home...I'm trying to like the place, but it's hard to do...."

SGT. MARY FRANCES SHARP, WA 515706, WAC Det., 98th Gen. Hosp., APO 407, US ARMY %PM, New York  
MUNICH, GERMANY ".....One Sunday Emma and I...took a ride on the army bus to Dechau. 2 years ago I took a number of pictures at the concentration camp & crematory where thousands of persons met death....The bus went only to our military installation. To go to the camp would be a long hike instead, we hiked into the village. The countryside was bright with miles of truck gardens-some even irrigated with overhead sprinklers. Oxen slowly plodding along pulling a wagon, children running along whipping weeds with sticks. All so peaceful. I could not help but contrast the road scene along there six yrs ago when "enemies" of Germany were being herded or driven along this very road out to the camp - and death. It is impossible to believe such actually happened.....Maybe I am imagining it, but it seems to me that the German people are smiling more now and less reserved with us. So far we've managed to get them to straighten their hat and smile. Now if we can get them to pull down their vests and straighten their ties, we'll all set. They think we Americans are happy-go-lucky money spenders but on second look they're finding we mean what we say and stick by it, come hell or high water. (A good reputation to have)....."

## CALLING ALL CSC WOMEN

Next Thursday evening, September 27th, is the eagerly looked-for Fashion Parade, staged by MEIC BOULEVARD ROOM for CSC women employees, wives, daughters, mothers and sisters.

The show will again be held at the Deming. The Ballroom has recently been redecorated and will make a beautiful setting for the Solvents party.

The style show is sponsored by the blessed old CSC Athletic Association. Interesting door prizes, music, refreshments are all a part of a gala evening. AND IT'S ALL FREE.

The wives of newcomers to Solvents are especially urged to attend, so we may have the privilege of meeting you.

### 15TH ANNUAL HOLLYWOOD ICE REVUE - INDIANAPOLIS.

One of CSC's favorite sports is attending the fabulous Ice Revue, shown annually since the Indianapolis Coliseum has been erected. This year BARBARA ANN SCOTT, 1948 Olympic Champion will highlight the show. The performance begin November 21st and continue thru December 9th. There are no Monday night shows, however. Order blanks may be obtained by calling TIME OFFICE. Tickets range from \$1.80 for End mezzanine, \$2.40 for mezzanine to \$3.00 for boxes and Parquet boxes.

### SWOPE ART GALLERY OPENS FALL SEASON

Commercial Solvents proudly urge that all newcomers to Solvents visit Terre Haute's Pride and Joy - Swope Art Gallery, located at 25 South Seventh Street. This much-publicized gallery is a charming, delightful place to spent thirty minutes or a whole day. There is never an admission charge. The gallery is open each week day except Monday from 10 AM until 5PM and from 2 to 5 PM on Sundays.

A brilliant exhibit is currently shown in the loan rooms, most of the paintings done by artists in the vicinity of Terre Haute. A number of Brown County artists have contributed to the beauty of this show. There is also a display of lovely fans in Gallery 8 which will delight the ladies. Also beautiful Jensen silver, colored glass, and other objects of art.

Coming later is the highly successful Flower Show which transforms the gallery into a garden spot. This show is sponsored by the local florists and last year attracted thousands.... Many flowers were flown from Hawaii for the Swope Gallery Flower Show. This year promises to be even bigger.

At Christmas - the clever doll show - but more about this later.....

### CHILDREN THEATRE

Many Solvent's persons have long been associated with the Children's Theatre and many CSC youngsters have demonstrated their histrionic abilities in C.T.

Announcement was made last week of the forthcoming program for the 1951-52 season.

On November 7th thru 11th , 3 P.M. - "The Ghost of Mr. Penny"  
February 13th " 17th, 3 P.M. - "Pete, the Puppeteer"  
April 16th " 20th, 3:30PM - "The Wonderful Tong"

Tryouts will be announced in the local newspapers. Season tickets costing just \$1.00 are now on sale. For information regarding procurement of tickets, call SPIRIT OFFICE, Mrs. F.M.CRAWFORD, or MRS. M.C. WHEELER.

### SOUTH PACIFIC BOUND

There will be a Solventeer or two in the group who leave for Chicago, Saturday, October sixth, to see SOUTH PACIFIC. There is still available a spot for you. The party is limited to thirty. Reservations may now be made by calling the World Wide Travel Service, Crawford 7977.

### CSC BLOOD TYPING PROGRAM CONTINUES EACH FRIDAY AFTERNOON

If you do not know your blood type or RH factor, DR. DONA GRAAM devotes Friday afternoons to this service for Solvents' employees. Dr. GRAAM'S laboratory is located in the Pharmacology Building. Please take advantage of this opportunity.

JOHN AULD is now back at work after a spell of sickness which landed him in the hospital....."SILENT" MCGUIRE will soon be able to locomote under his own power. He is now home from BARNES' HOSPITAL Saint Louis, and anyday now we're expecting to hear a big Yak Yak Yak which spells MCGUIRE.....LAWRENCE STRAIN is on the sick list.....What's the matter with this department???

PETE LATTA says you can't expect hogs to get fat and weigh 200# by feeding them nothing but Sandcut sand burrs. KINDLE'S hogs haven't been doing so good..."POSSUM" HUNT'S boy JIM plays on the Prairie Creek Basketball team. POSSUM yells "Referee, that's my boy" and then he gets another technical called on him. MARY just can't keep POSSUM out of the fray....

"POSSUM" armed & waiting for the referee....

#### SOUTH PLANT

SOL DEHART blushes when you ask him to explain the injured eye, and small wonder..... BARBARA KIRKHAM of McIntyre's office has announced her engagement to CSC-GI BILL KRUZAN who is now in the air force.....Is GEORGE KINTZ going back to school. If not, what's he doing with all the chalk he borrows?.....Mystery of the Year: Where are the fish sandwiches which MCINTYRE promised everyone after his fishing trip to Kentucky Lake. No one has seen hide or scale of the fish....BARBARA SPRIESTERBACH will show you the ticket she almost got for passing up a stop sign down Georgia way. ....RALPH SERVIE is wearing a new off-the-shoulder T-shirt. Straight from Paris. Stunning.....The new gal in EMMETT LOVELESS' office is LOIS RILEY who hails from Brazil..... Newcomers to the barrel gang are JIM PERKINS, ALFRED SONS, ELMER BECKMAN and HERBERT HURST....Ask BARB KIRKHAM what happens when you shift gears quickly?

#### CLYDE PROVENCE SENDS GREETINGS FROM SOUTH PENPACKERS

KATIE MCGARVEY was married Saturday to JOHN DANIELY. They will make their home at Louisville, Kentucky where John is with National Cash Register.....HARRY ROTH got a new '51 Dodge because the other car got dusty and the ash-trays full.....VIRGINIA EHRENHARDT vacationed at Shaffer Lake. It was almost red-flannels weather there..., MARTHA SOLOMON took daughters BEVERLY and JUDY to the St. Louis zoo where the little ones stood in wide-mouthed amazement at the antics of the chimpanzee. Mother enjoyed it as much as the kids....

The new packaging building is going to be wonderful. Everyone is waiting anxiously for the finishing day.....BETTY LYNCH is recuperating from surgery and will soon be back on the job.....MARJORY HUFFMAN left CSC for Maryland where she married her soldier boyfriend.....Why does Senator Kintz refer to DEWEY as "KNOCK-ON-ANY-DOOR WESTFALL?"

The far-away look in JEAN COLLIN'S eye when she speaks of her boy friend, POOCHIE, is very noticeable....RUTH PROVENCE is now a resident of Terre Haute. Said they ran her out of Clinton because she didn't wear a tin hat.....Just been promised a home-made apple pie from ROSALIE MYERS if I don't mention her name in the Spirit. The Question Now Is - how can I keep her from reading this?

NORMA COLLINS is vacationing at Colorado Springs...MAC MCCULLOUGH is lost these days. With so much construction going on he can't find enough floor space on which to use his trusty mop. He follows the construction men around sweeping up shavings and sawdust and the other day he even swept up some of their tools in his dust pan.....

#### CHEST XRAY UNIT AT SOLVENTS SOON

The CHEST XRAY UNIT will be at the main plant for three days, starting October 31st, thru November 2nd. Employees of all three plants will be assigned a time for their XRAYs. This service is free, thanks to the sale of Christmas seals. The Rec. hall will be used by the unit. Watch the SPIRIT for further notice and instructions.

#### PENICILLIN ANNEX - GEORGE SLAVENS

AB HALLOCK wonders why passing motorists use his front yard to dispose of their empty beer cans. Happy Dumping Grounds?.....Everytime STU CHESTNUT gets his curly locks burred short, he's in the doghouse.....The boys all agree that JOHNNY WHITE, better known as The Yodeling Kid, has a pretty good voice. Only thing he needs a muffler.....We must either get a wider scaffolding or a smaller WHITLOCK. CHARLIE looks like a rabbit caught in a dead fall when he gets his oversized tummy trapped between a couple of 2's and 6's ....Had ladies been allowed at the stag party, TOM ALLEN'S girl friend would have allowed him to attend.....JIM ROYER purchased a new car and a house. The car came equipped with a shiny new paint job. JIM wishes the houses would have had the same equipment. It would have saved a lot of wear and tear on ROYER.

# CONGRATS!!

MAYNARD WHEELER made the following announcement on September fifth which concerns the promotions of HOMER KIEWEG, FRED DUDLEY, GRAHAM MCMILLAN, ECK WHEELER and J.B.CROWELL.

HOMER has been made Manager of the Central Division of the Production Department in charge of operation of the Terre Haute, Peoria, Newark and Carlstadt plants .....

FRED DUDLEY became Chief Engineer to replace KIEWEG. DUDLEY joined Solvents in October 1943, having become interested in CSC when he was project engineer for the Dixie plant while he was working for M.W.Kellogg Co.

GRAHAM W. MCMILLAN received the appointment of Manager of the Quality Control Division of the Production Department. GRAHAM spent six months in England in '46 assisting with the operation of the newly constructed Distillers Corporation.

J.B.CROWELL was made Manager of the Western Division of the Production Department. He will be located at the Agnew, California plant.

J. ECK WHEELER was made Manager of the Dixie Division of the Production Dept., and will be in charge of operations of the New Orleans and Dixie Plants. ECK came with Solvents in '33. He is now stationed at Dixie...

OUR HEARTIEST CONGRATULATIONS!

## "RED" JEFFERS JOINS CSC ALUMNI

JAMES JEFFERS retired August 31st, 1951, and is now taking it easy. He is enjoying FM and AM broadcasts which pour forth from the very handsome table model radio given him by his co-workers at a surprise party held here in the boiler room.

"Red" came to Solvents February 23rd, 1920 - THE FIRST DAY OF CSC'S OPERATION!

On the same day came "HODE" LOWERY, OTTO FOOTE and "POP" OTTE. "POP" insists he was the first one thru the gate. "RED" is positive he came thru first, but whatever it is, this quartet of Solventers has kept the place humming along and growing, for which we are most grateful.

We're going to miss "Red's" forest green felt hat with built-in guttering (for rainy days) but we are pleased to know that the hat will be able to get some needed repairs.

BEST OF LUCK TO YOU, YOU ARE NOW THE NEWEST MEMBER OF CSC'S ALUMNI GROUP.....

NOTE FOR TODAY: Present-Day man is said to be physically inferior to prehistoric man, but it's better to be inferior than prehistoric.

## SERVICE AWARDS

September service awards have been made.

The quintet completing fifteen years of service are JOSEPH CHESHER (Research), FRANK STROLE, (Maintenance); EARL WEBSTER (Electric shop); FOREST HUNT, (Alcohol) and JOHN BLAND, (Gate).

## DRAFTING DOPE

The Drafting Dept. wishes to express its heartiest congratulations and Best Wishes to Mr. Kieweg and Mr. Dudley upon their new appointments.

Last week that Famous Finger pointed at DON KEENEY. His loyal reply was "I regret I have but two arms for my Country to stick." He claims the Army needles him badly.....It is reported that Washington is watching certain home improvements and a mysterious punchboard.....

It is with sad adieu that we bid farewell to DICK (PINOCHLE) ELLIS. His humorous comments will not soon be forgotten....There's speculation going on as to why MADLYN F. is so anxious to buy her hubby a stag ticket. What else is going on?.....GOOD NEWS for Drafting - BARB MILLER is now out of the hospital and convalescing nicely. BABS, we miss you.....

DICK MARKLE has been impersonating the Three Monkeys. First his hearing aid broke down. The result - he heard no evil. Next day his glasses were broken, so he saw no evil. When a guy doesn't hear or see evil, he can't talk it. But we wish he'd cut out this monkey business.....Honorable Mention goes to BARB MILLER for receiving a full page note from CHARLES SCHILLING....

Anyone doubting that CHAS.SPANGENBURG is married, just check the main gate on payday...Since NICK MITCHELL has been doing some work on the nutritional farm, he has been keeping strange company. He says they squeal on him.....

MISS MARGARET NUGENT (Research) and JERRY SMITH( Supervisor) were married August 31st at the Methodist Church, Danville, Indiana. The young couple are living on South 7th in the Miller Apartments.

## AROUND THE PLANT IN 3-1/2 MINUTES

STAN SIPES of ARTHUR YOUNG CO., N.Y. is back, but he didn't bring BOB SAROSY, darn it. BOB & STAN kept some inventory-takin' clothes in a room over Personnel Department last year, for quick change. They finally became known as the male strip tease artists.(But don't tell ART YOUNG. ) With STAN SIPES this year is CHARLES SCIFRES who originally hailed from Paris, Illinois.....ED KING and BUD BRUSSELS are having to wear dark glasses. JEAN MANK is flashing a lovely diamond ring, from RAY BENNETT. ED allows that the diamond is Real as they tried it on glass and it worked....ADALINE & DAN JOHNSON have done a good job of exterior decorating on their house. MRS. J'S specialty was the Kelly Green window trim. Very pretty..

CHARLIE STOCKMASTER has been ill since June first. He called the plant to inform us that he and Mrs. STOCKMASTER would soon be leaving for Florida to make their home... Better look up the "SLIM" LEONS at West Palm Beach.....Farmer-boy, HARRY CAMPBELL has purchased an 8-acre hunk of land south of the city.....LYLE BABCOCK'S jaw had the Mailpouchy look. Understand the tooth has now been removed.....BERNARD LUBIN is a paint-slinger de luxe. If you don't believe it, get a load of 2201 South Center.....

The SPIRIT office received a box of beautiful flowers from South Plant. Dahlias, Zinnias, astors, snapdragons, etc. Very colorful and appreciated....BOB ROMAN began his 26th year of shift work, September 13th. And he's still able to write poetry.... "Doc" CHURCHILL took colored movies of his 4,000 mile trip which included the Black Hills, Yellowstone, Pikes' Peak, etc. The boys, who have seen them, say it outshines anything Hollywood can do.....PAUL JONES won a \$5.00 Mdse certificate from McMillan Sporting Goods Store because of the 1# 5 oz blue gill he caught "two miles east of Youngstown." .....GI MAIL BAG will be published in next SPIRIT.....

CONGRATULATIONS TO T.S.CARSWELL and DR. F.H.SCHULTZ, JR., for their half-page article in the Sept. 4th JOURNAL OF COMMERCE. It was titled "Ample Blood-Extender supplies important For War or Peace."

## BABY NEWS

JACK FOLLITT visited us while home on leave....NANCY HOLT is now added to the list of engaged gals...MARY ERWIN drove to Pittsburg to visit her husband....Specialties Bowling Team will consist of VIRGINIA FLESHER, JOAN JOHNSON, BETTE MCCULLOUGH, MARY LOU BITTS, LEE MCCLURE (Captain) and JEAN PINKSTON.....

ANCIL MYERS spent vacation week relaxing.... CAROL LEE JACKSON traded his convertible for a hard-top. Warmer in cold weather..... JOAN PATTERSON enjoys coming to work these days...BILL and PAT PRICE are hoping to be in their new house before Christmas. The present owners just won't leave....Noticed the pretty scarf VIRGINIA FLESHER has been wearing? Given to her by her B.F.....

ACCOUNTING DEPARTMENT

BETTY BRAND, who has undergone a bit of surgery at Saint Anthony's recently, is recuperating nicely....DELORES (BUBBLES) MURPHY is introducing the new walk known as the "Brazil Twist.".....ROBERT DABELOW'S ambition is to get as fat as "COWBOY" PAYNE. At the rate he's going, it shouldn't take too long....VIRG HAMELMANN polished off six hamburgers, a large piece of pie and three dips of ice cream one noon when he suddenly remembered he had brought his lunch from home. VIRGIL doesn't ask any sympathy but he does beg that we don't mention this to VIRGINIA.....

PENICILLIN FINISHING DIVISION - MARY HEDDING

ROSE WEBSTER and JANE GOETZ are right in there on the bowling team this year..... HELEN RICHMOND has been chosen one of the models for the style show. HELEN saw actress ESTHER WILLIAMS while she was at Chicago last wk.....Two gals who went to Indianapolis but NOT to the State Fair, were CAROL PHILLIPS and RUBY TUCKER..... DORIS JACKS is planning to marry HARRY JUKES in December when he gets a leave from Uncle Sam's navy. HARRY is planning the same thing....BILL HAYES and his new coveralls are spending more time with us.....Truth is stranger than fiction; MARTHA PRICE could not find her way home after spending an evening with BARBARA SCHNIEDER...MARY CARRICO and her ED enjoyed the Duquoin, Illinois races....Best wishes to the father of MARIE LACEY & BETTY MARTIN who was badly burned in a coal mine accident....

The Hollywood Ice Review with BARBARA ANN SCOTT replacing the tempermental Sonja Henie, will brighten the Coliseum at Indianapolis again this winter. The first show starts Thanksgiving Eve, running thru to December 8th. Many Penicillin folks are planning to go.....JOANNE COX eats constantly. Tape worm?.....CHUCK RING is an authority on seed potatoes.....JUDGE JIM BRUMMETT has been doing a fine job at rabbit shows in Charleston, West Virginia....PAUL SHAW'S vacation has taken him to Iowa and Niagara Falls....

RIBO HOOT OWLINGS - BOB ROMAN

GENE KRAMER'S brought back a new haircut after his vacation. BRIDWELL wants him to bring back his crock.....PAUL STRAIN sold HAROLD CERTAIN a coon dawg for \$35.00 and a set of harness, a singletree and a beat-up wedding ring. CERTAIN needed the hound DAWG....FRANK BRIDWELL bought another used car. He doesn't expect to make over \$15 on it since he had to buy a \$3.00 battery and pull it to get it started.....JOHN PHILLIPS (Mayor of Hawthorne Avenue) is learning to keep all four legs of a chair on the floor. Is he a stunt man!.....Since GEORGE CROWLEY has stopped collecting coffee money, the payments on his car stopped also.... GEORGE TALLEY (who works with JOHN SIMMONS) says "I cut the legs of my overalls off three times and they are still too short."

PENICILLIN PLANT BLABS

The girls are wondering if EARL KING bought a bottle of Hadacol.....DOLORES LOWE will be married October 20th.....On September tenth MARIE LACY celebrated her "63rd Birthday" and says she feels every day of it. She received many gifts AND a wheelchair.....Dad JAY CENTER carry ice water in the gallon jug he brought to the ball game?.....Say Jay, did you pay Shirley the dollar and a quarter you owe her???? .....BETTY GARRY'S grandchild, we understand, is so unusual that he is just five weeks old and stands alone.....Why didn't BILL FIELDS go to the stag party?..... Anyone hear the rumor about Shirley BLAND??? What's this about ESSIE MAIL roaming around a funeral home?

THANKS TO ALL OF YOU WHO HAVE TURNED IN ADDRESS CHANGES. We need up-to-date addresses for a general mailing this weekend. We do hope you have reported your change of address.

### MAJOR WALKER, DECEASED NOV. 28, 1951

This plaque of bronze mums was placed under Major's portrait by the CSC Athletic Association. . . . .

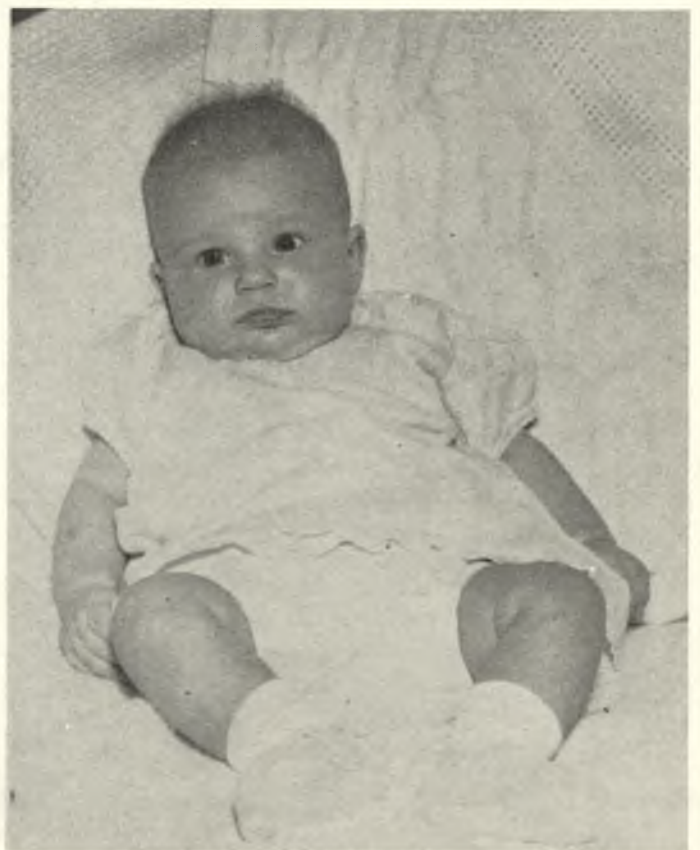

MAGICIAN, Webb Cunningham (Denaturing Plant) getting his props ready for the CSC CHRISTMAS PARTY - - - -

GINNY SUSAN, three year old daughter of Bob Hann (Ribo); granddaughter of Clarence Strain (North Still Tower) . . . . .

GINNY IS EXCITED ABOUT THE CHRISTMAS PARTY.

This luscious bit of solemnity is MISS BURNS. Her daddy, Harold R. Burns works at Ribo. CHARLENE KAY was 3½ months when she posed for this portrait.

# christmas party

The CSC Christmas Party gets underway at six-thirty, Friday evening, December 21st, at Indiana State Gym.

The reception Committee of clowns will greet the Small Fry as they come in. Promptly at 7:15 the story of "The First Christmas" will be repeated by request. A chorus choir of fifty voices will form the background for the pantomime.

We have word from Santa that he is looking forward to his visit with CSC kiddies.....At 8:30 the HERMAN DIEKHOF orchestra will play for square dancing as well as ballroom dancing.

ALL MEMBERS OF THE RETIRED GROUP are cordially urged to be present; parents & families of our service men expected. This party will be the Biggest Ever. Our family has grown tremendously this past year.

## SERVICE AWARDS FOR NOVEMBER & DECEMBER

EARL SULLIVAN, MILDRED DROUGHT and FLOYD "BUCK" ROGERS have completed ten years of service with our favorite Christmas Tinsel Plant. Those having completed five years include CHARLES E. AGAN, ROBERT BRANNAN, FLOYD F. BRYAN, DARRELL CARTY, CHARLES HENDERSON, ROBERT E. WALSH, RALPH E. BRILL, HARRY J. BROWN, CLAUDE W. CUMMINS., DAVID J. DAVIES, WILLIAM F. ESKEN, CLYDE PROVENCE, JAMES ROYER.

STORK NEWS: Due to the tightness of this newsletter, we will announce new babies next issue. However, we will give you their names now - RANDY BROWN, LOUANA ROSE ROYER, MADONNA ROSE ADAMS, BARBARA ANN MCCrackEN and PAMELA JOAN HOCKENBEAMER.....

## BLOOD DONORS STILL DOING LIFE-GIVING WORK

Yesterday Mrs. ELMER HUPPERT called to again express her gratitude to the fine CSCERS who gave blood to her when she underwent major surgery.....Six type B CSCERS answered the urgent call for donors for MRS. ELI DIX whose condition remains critical at Union Hospital. DICK MARKLE, WARREN SAGRAVES, ED SCHULTZ, PHIL MCCrackEN, VIRGIL ROYER, DICK RAMSON, with DALE COTTON standing by, promptly went to the Hospital when the request came .....A call for AB blood donors for Mrs. WARREN WATERMAN was answered by HENRY WATERMAN and MARTHA SWANSON.

OUR SINCEREST SYMPATHIES to WAYNE PLIMMER & MRS LOUIS PELKY in the death of their father....to OTTOWELL WOODS whose sister died ....To MARINETTA JOHNSON and MRS. JACK ROMAN in the loss of their father...to the Hunt family who suffered a double loss within hours, of the mother and grandmother..... To RALPH NEWPORT in the going of his wife.....To CLIFFORD ROLLINGS in the death of his sister.

## THANK YOU LETTER

MRS. T.P. WALKER, BLUE HILL, MAINE: "Little did I know while we were in Terre Haute last April that I would be writing you this sad note today. Thank you with all my heart for sending me the photograph of Major Walker's portrait.

"I am overwhelmed by the affection expressed by his many friends. It is a great comfort to know that he is resting near the home he loved so well and where we have been so happy."

MR. RALPH NEWPORT, and his two children, are much appreciative of the kindnesses shown them during the long illness and death of the wife and mother. The flowers were beautiful. He wants the Solvents family to know of his deep gratitude for all they did.

## COMSOL BANK TELLERS AT ALL THREE PLANTS

For your convenience, you may pay your COMSOL loan or make deposits at all three plants. Miss BETTY MCCULLOUGH is the authorized COMSOL representative at Lockport Hill; MISS BARBARA SPRIESTERBACH, at South Plant, and, of course, MISS JERRY NEES at the main plant.

TO ALL OUR MEN IN SERVICE - COMMERCIAL SOLVENTS' FAMILY SEND THEIR WARMEST GREETINGS FOR A HAPPY HOLIDAY SEASON AND A QUICK RETURN-HOME. WE MISS YOU...

## PLANT NEWS - MISCELLANEOUS

50% of the LIVE WIRE ORGANIZATION OF CSC, INC., - BARB DUBBS, "BO" BOHANNON & JERRY NEES went to Indianapolis for the Hollywood Ice Revue. A big time had by all, even tho it rained all day, all night... Speaking of JERRY NEES. She has just returned from a Washington, DC vacation. She called on the BOB JONES; She saw a fire truck from Terre Haute, Indiana at Smithsonian Institute; she visited Baltimore and Annapolis where she saw gobs of Gobs.....

The nice looking car piloted around these parts belongs to STU CHESTNUT. STU, by the way, will scuttle his bachelorship, February third, when his marriage to JANET WINDLEY takes place. Our heartiest congratulations to One Grand Guy and much happiness ahead for both of you.....

HERB SLIGER, who was here from NY this week, tells us that his secretary and one of our favorite BOGIN grads - MILDRED MELFI - is now able to hobble about. She suffered quite a painful injury to her knee sometime ago and has been grounded. No skyscraper climbing for Milly.

PHONE CALLS: THELMA KELLY, our expert on the switchboard, asks that all wives learn their husbands phone extansion number in order to speed up the service at the board. When a new operator substitutes, it will save her the necessity of having to look up extensions. During the hours 8 to 5:10 PLEASE call Crawford 7071 only. The numbers listed in the telephone book - other than C-7071 - are for night hookup only.

In a recent SPIRIT we complained about not having heard from FONCANNON for a while. Here's a letter from him "I read in the Spirit that the FONCANNONS had not been heard from for some time. Just a line to let you know that we watch the mailman for the Spirit and don't do anything until we read it. We both are all OK. We live close to the road 6. I was out at the road the other day and a friend came along. He asked "Where do you live?" I told him "I am batching in that house over there." He then asked "But where is your wife?" So I told him "Oh she is batching with me." (Thanks for your note. The J.W.FONCANNONS address is R.R. 4, Valparaiso, Ind. Ed)

The "CLIM" LEONS & CHARLIE STOCKMASTERS, who retired to Florida, are due for some CSC Company. PERCY MILLER is going Florida way - in fact left last Friday. He has both addresses in his little black book.

HARRY JUKES, CSC NAVY MAN, was a member of the famous crew of 75 recruits out in San Diego who won the coveted Rooster for highest average. Four members of the All-Indiana Company hailed from T.H., Two hundred Terre Hauteans were on hand to cheer the boys as they went thru the city enroute to Indianapolis where they presented their banner to Governor Schricker. HARRY told us that for three weeks straight, their group received a 4.0. JUKES belongs to a basketball outfit at San Diego called the Hoosier Hotshots. They have collected two pennants.

# GI MAIL

MARION A. BLACKBURN, USS COLLETT, DD 730, F.P.O. SAN FRANCISCO, CALIFORNIA

"Just a few lines to let you know I'm still receiving the Spirit. It sure helps out. We arrived here at Sasebo yesterday, the 27th, from Hong Kong. We also stopped at Formosa. Hong Kong is really a wide open city. Everything a fellow is big enough to do nobody tries to stop him. And prices would bowl you over. I bought myself a sharkskin suit with two pair of pants for 30 dollars. They're tailormade too. .... 30 American dollars is equal to 201 Hong Kong dollars. The buck may not be worth much in the States but any place overseas, it is gold. Sasebo is pretty cold now. We were greeted with snow yesterday but the foliage is still pretty green. They say the east coast of Korea has zero weather. Last time we were there it was cold enough to wear long undies.....Good luck to all. I hope to see you soon..."

Pvt RICHARD G. VANGILDER, US 55219767, Co. D 5460 ASU, RC, FORT CUSTER, MICHIGAN

"....Will you please tell all the fellows at the East Plant who are doing without me that I say "HI.".... Tell everybody I would like to hear from them. The officers around here say, and I quote "it's a good deal". But that is just their idea. If you hear DALE MURPHY or PAUL OSMAN griping about their job, tell them I said they don't know how lucky they are. I'll be waiting to hear from all you civilians."

PVT. MARION LESLIE, US 5517 8977, STU CO. 6, 3TR TSEJS, CAMP GORDON, GA

"I am going to High Speed Radio Operators' school. It is a six months school. So far I like it just fine. I have to learn how to teletype too. I am getting good eats and plenty of it. The barracks are nice. We have foot lockers and wall lockers both, linoleum carpet which has just been painted. Sometimes the dot dash gets tiresome but outside of that it is really nice. I am supposed to get 10 days off for Christmas. From the 22nd of December until January 2nd....I sure wish I was back playing basketball. Carl said he does too. I am going to try for the batallion team but don't know whether I'll make it or not....."

PFC JOHN C. LOVE, US 55 134881 Co. A Class 32 12th Engr (C) Bn., 8th Inf Divn, FT JACKSON, S.C.

".....They sent me over here to a supply school which will last 8 weeks. So far it seems pretty strict. The inspections we have every day get pretty tough sometimes. Then our Saturday inspections are really dandies. The 31st Division was never like this. This is a Regular Army outfit. What makes me so mad is that I was supposed to get a 12-day leave the 14th and now I won't get it.....I imagine all of you are pretty busy getting ready for the Christmas party. It always was a big affair..... Have you read about the Service Bowl football game they're going to have? Between Fort Jackson and Carswell Air Force Base. Both are undefeated & they should really put on a show. They are playing it here at the USC stadium December 15th....Some of the sports writers think Ft. Jackson could beat any college team in the nation so that should give you an idea of how good they are. It should be a good game regardless of who wins."

PVT. GALE K. LISTON US55177666, Co. B 12th Engr "C" Bn, FORT JACKSON, SOUTH CAROLINA

".....I am now going to truck driver school. They are trying to teach us how to drive the army way. We are learning to drive the two and one-half Reo trucks and jeeps. I like school OK. There isn't much to it. It is mostly for those who haven't driven before. I read in the Spirit that the Christmas party was the 21st...I sure would like to be home so I could go, but I don't think I will get home before the 22nd...."

PFC PAUL M. BOWMAN 1200557 "A" BTRY, 1st 155 Gun Bn. FMF CAMP J.H. Pendleton, OCEANSIDE, CALIFORNIA

"....I'm in the big gun outfit. I like it just fine except for the heavy work. (Work never did agree with me) As far as I know we won't be going overseas for a long time yet. But that's just rumors...Got the Spirit today. Read almost every word in it. I was looking for something about my pals back at CSC. My father sent me a piece out of the paper about MAJOR WALKER. I'm sorry to hear about his death. From what I've heard about him, he was a swell guy. ... I would like to have the address of JOE CLARK (Editor's note: Here it is - 1st Training Bn "D" Co. T&R Command, Camp Pendleton) If he is here I would like to see him. I worked with him at the South Plant. We rolled whiskey barrels together. Here's a Hello to my friends at CSC...."

A very beautiful card - hand embroidered - from SGT. MARY FRANCES SHARP at Munich, Germany read: "Just to let you know I'm thinking of all CSCERS even though I am 3,000 miles away."

HERB COX is taking a vacation to get caught up on his Christmas shopping. BOB FAYNE & FAMILY railroaded to Detroit to visit relatives and exchange premature Christmas greetings...WAYNE CUMMINS & MARVIN STEWART's only comments on the Hollywood Ice Revue was the single word "WOW", and that was for the skating of BARBARA SCOTT.....PAUL BUCHHOLZ is one of the newer house-owners. His address - 2511 South 19th Street...

ESTHER PHILLIPS is very busy keeping house in her new apartment. Cooking experiments, perhaps.....Newlyweds JEAN & PAUL LOVE are now at home in Brazil at 122 South Walnut....BILL WEST is using his early Christmas gift - a shotgun. Look out Bunnies... Everyone in Control Lab extend Seasons Greetings to the rest of you.

#### B.H.C. PUBLISHES "A LIKELY STORY" BY JERRY ALLEN

The synopsis of "The Likely Story" is that JERRY ALLEN, the author, was driving along the highway toward Terre Haute. He saw a large concrete post coming down the road. This puzzled him but he pulled over to let it go by. Suddenly the thing swerved into him. There should be a law against posts wandering aimlessly about the countryside, especially on busy highways.....BILLY EWING left the rambunctious crew at BHC for the ah - shall we say - cultured society of the Research group.....PAUL STEED, lately of the U.S. ENGINEERS has replaced BILLY in the BHC warehouse....The bright red shirt at BHC belongs to JOHN DUBBS who replaces CHARLES SMITH.....

Something old, something new, something borrowed, something blue. And the farmer takes a wife. Our congratulations KENNY TEMPLEMEYER...

#### PENICILLIN PLANT

Our deepest sympathy to MARINETTA JOHNSON whose father died suddenly of a heart attack.....It is good to see PEGGY CHILDS back from a victorious battle with a virus....The lab family is growing. Most recent additions - MARY ANN EVANS, BARBARA COLLINS, HELEN RICHMOND and DORIS JACKS.....ESSIE MAIL has learned NOT to argue with freight trains....By the way, DORIS JACKS has changed her name to JUKES now.....All's quiet in the Assay Lab now that MARILYN BOHANNON & DORI CAMPBELL have moved their sterility equipment to the culture lab....."BO" BOHANNON is responsible for most of the very clever Santa Claus drawings which have been appearing in the labs....A belated birthday party was held for WILMA MCDANIELS.

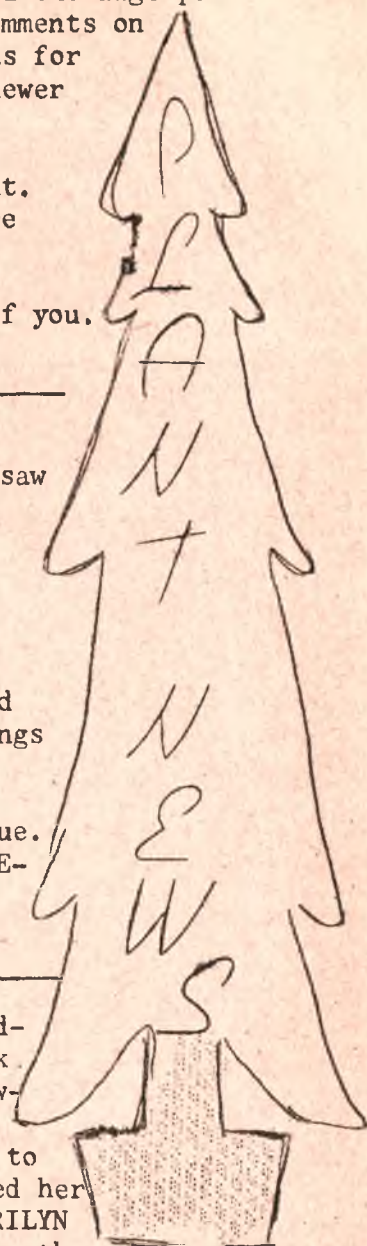

#### PROCESS PATTERN BY PHILLUP SPACE

BRUCE ALBRIGHT has discovered a new method of handling sterile flasks. In place of removing plugs by hand, one burns them off; for added safety, throw on an old lab apron. Smolder well and inoculate...PENICILLIN, Ribo and butyl bugs have never been treated more gently than by BLACHLEY, HOWKER and DUCKWORTH, now visitors to Process lab.....It is with saddened heart that we bid adieu to CLARENCE BRUCKER. He has started many generations of mycelin on the road to a happy riboflavin--producing life. He now joins penicillin.....This department welcomes JOHN HOWKER who came to Solvents November 6th. JOHN has completed his orientation in the plant and is now spending his time, industriously, in the lab. JOHN and his wife are living at 1607 South 18th Street.

#### SPECIALTIES - PLANT 3 - MARCIE & MARY LOU

Two more employees are in line for congratulations and best wishes in the field of matrimony. They are HIKAM DRAKE who was recently married; also MISS BEVERLY HAASE who is now MRS. GEORGE COTTOM.

We are always happy to have visitors - especially former employees such as DON APPLE, HARRY JUKES and ART MEADOWS whom we have loaned to Uncle Sam.....Sorry to lose JEAN PINKSTON. She has gone to Indianapolis to live with her parents.....The popular Ice Follies drew a number of Lockport Hilltoppers - including EVA KRACKENBERGER and her mother; MARY BITTS, BILL GREEN, NINA EWING, DALE MURPHY.....The boys seem to be getting a headstart on spring housecleaning. There is going on window washing, mopping and - or course - taking down screens....."RUNT" TURNER can't even stir glue without hitting himself in the head with the ladel. He's that clumsy!!....CSC was well represented at the skating rink last Thurs. nite. There were MARY BITTS, BEULAH BOLES, JOAN PATTERSON, NANCY BOONE, her husband and mother, JOAN JOHNSON, KENNETH TILFORD, DON HERAMB and MARCELLA MCKENZIE.....Is this gleam in HELEN AUSTIN'S eye, something that might have happened Monday night?

# NEWS OF RESEARCH

OPAL HENDERSON (Media lab) enjoyed a week of vacationing. STELLA MARKOWICZ is taking the Holiday season for her Time Off....WALTER GERARD had one week.....JACK WEST-HEAD takes his work so seriously. It's one boy and two girls at the Royers.

MABEL RODGER'S been on the sick list. So has DICK KNOTTS.....GARLAND BAKER came back for a visit. He spent some time with Messrs HIDY & SNYDER.... DR. STANLEY threatens to "blow a fuse" if the automatic dishwasher - which has been installed in media lab, is not in operation by Christmas. The girls have thoughtfully bought him a box of fuses for a Christmas gift. They are sure he will need them.....ROGER HARNED'S latest conquest was bagging a mallard duck.....DIXIE SMITH'S letter to Santa includes a little Daschund. She's been wanting one for so long...DONNA MARIE YOUNGBLOOD was among those who enjoyed the Ice Show at Indpls.....During a recent bus strike between Brazil and Terre Haute, BETTY HUGHES found the only way to get to work one Saturday was to hitch a ride. She arrived in a semi-trailer.....

PAUL RINESMITH, former lab assistant to Dr. HICKEY, can now be reached at his new address - Fort Benning, Georgia. His complete address is 2nd Lt. PAUL RINESMITH, 0994047, 122nd Co. 3rd Bn, 2nd STR., Fort Benning, Georgia.

Miss Jean Hoke became Mrs. PAUL LOVE, Friday evening, November 30th in a double-ring ceremony at the First Presbyterian Church at Brazil...

## A CAMPBELL'S-EYE VIEW

WALTER R. ROBERTS states and declares that he did NOT run a stop sign and end in custody.....HELEN THEODORE reports that the guppy population is difficult to obtain. Helen started with seven, suddenly lost count. Now says it's down to five. Any constructive advice?.....ROBERT EDWARDS is on vacation - hunting rabbits. Longest telephone call on record - 17 minutes. Research Stores to General Stores. How they can stand that buzzer! Why don't they answer their phone?.....The new City Chess Champ is HERB WEHRMEISTER. The tournament is held at the YMCA....DR. ## CHEMICAL PILOT PLANT STUFF - AL NECKAR, news correspondent

TALES OF RABBIT SEASONS: GENE (Daniel Boone) SCHUMAKER and MAX (EAGLE EYE) BAILEY are fueding over a rabbit which GENE shot. Seems that Gene killed, skinned, dressed and buried the bunny in one shot of his trusty cannon. "EAGLE EYE" BAILEY claims the bunny was dead before Gene shot....HERSH WEBB says that if his dog and dogs (feet) hold out, he will have had a successful rabbit season.....

BOB (BANG! BANG!) CLEMENTS says he will never blow his nose again. Mr. PHEASANT waited until Bob put down his gun, & blew his nose, then he walked out and took off. Maybe Bob scared the pheasant!.....BILL (truck driver) ALLEN claims that trains are hard on trucks....."BUCK" BYERS is developing television eyes. He claims he has the best set in town...EARL (Bait King) WRIGHT is taking orders for fishing plugs - Wright Specials. Will they work??....Your Chem. pilot plant reporter wishes to thank all the fellows for their contributions to the Spirit news.....

## ANALYTICAL LAB NEWS

The USAF said they didn't need "TINY" BEARD, but the US Infantry said they would make a new man out of him and took over control of his life for sometime to come....LARRY BAXTER hit the 200 column again. This time it figured in the Analyst winning two games from the then league-leading process team. LARRY JONES & "SPIKE" SPIEGELHALTER will vacation this month. Playing Santa and helping out at home seem to be the plans right now....."PONY" CUNDIFF and family will visit Kentucky over the holiday..AUSTIN TURNER has reformed - at least he hasn't had any blue color around his eyes lately.

Plans for the annual division Christmas party are in the making. Looks like another good meal coming up.....Are you looking for a bargain?? Almost every Sunday you can see the greatest collection of basketball players (??) battle in the interplant league. On the same admission you can stay to see NOR'WAY play. But PLEEZE don't miss out on seeing the ANALYTICAL WHEEZE KIDS, who huff and puff for your enjoyment. Thrills, Spills and a thousand laughs.

FOR THE WHEEZE KIDS ROSTER - SEE SPORTS PAGE

## THE CHRISTMAS PARTY - DECEMBER 21ST

Mr. CSC Athletic Association and his committee are still receiving congratulations upon the able way in which the 15th annual Christmas party was handled.

The Indiana State gym, filled to the rafters with nearly 2000 CSCERS, young and old, applauded the excellent work of the clowns. These entertainers included a Keystone Kop, two hoboos, Mickey Mouse, Donald Duck, Peter Rabbit and four assorted rollicking clowns. WEBB CUNNINGHAM performed his clever tricks of magic before an audience of bug-eyed kids and their appreciative Moms and Pops. Beginning at six-thirty, the cavorting clowns knocked themselves out for forty-five wonderful minutes.

"SENATOR" KINTZ served as Master of Ceremonies. He presented BOB TAPY, the General Chairman, and HANS FISCHER, plant manager. HANS FISCHER, in turn, introduced MAYNARD WHEELER, Vice President, who had come from New York for the party. Mr. Wheeler dedicated the 15th Annual CSC Christmas Celebration to our seventy CSC men in military service.

"The First Christmas", given last year, was repeated by popular request. The chorus choir was under the direction of Paul ROMAN, accompanied by ALICE TARRH, organist; SHELDON JOHONNOTT, violinist. ZAFF ROGERS directed the pantomime in his usual professional style, and arranged for the colorful costumes. MRS. WANDA CAMP-BELL again graciously served as narrator. PAUL JONES assisted with the choir.

Santa in his fancy sleigh, drawn by eleven little eager-beaver Brownies sneaked on to the floor before the kids knew what was happening. But when the youngsters got hep and converged around the sleigh, Santa was the one who wondered "wot hopped?"

A four-line setup was used this year for the gift distribution and the job was finished in record time. ROSEMARY REED and her glamorous committee deserve much credit.

The wonderful tree had on its usual decoration of richly colored lights, hundreds of white stars tumbling over it and frosted over with silver icicles. It was never more wonderful.

The decorating committee knocked themselves out with the decorations of the gym. The stage had a ring of miniature green trees..... and a black backdrop scintillated with stars. The usual functional, but ugly, gym lights were hooded with Christmasy decor which made the gymnasium look like Cinderella - all dressed up for the ball.

And speaking of balls, HERMAN DIEKHOFF and his versatile orchestra played for square dancing and ballroom style with equal ease, and everyone who stayed to enjoy the dancing, did just that.

Too much praise cannot be given the hard working committees who's plans dated back weeks before the actual party.

Members of the pantomime included FAY TUTTLE, CHELAS SHEESE, NICK MITCHELL, DR.S. LINGO, JIM NEERMAN, FRED KRUZAN, TED ELFERDINK and GERALD KEEGAN.

BROWNIES: SHIRLEY HAMELMANN & BETTY THOMSON co-chairman and Brownies - DONALD MITCHELL, KIEITH CATON, ROBERT TRENCH, GEORGE MILLER, LARRY JACKSON, ALLAN FICK, MIKE PENSACK, JIM DUDLEY, GARY SNYDER, BILLY LEE GIBSON and DONALD WALKER..

DECORATING COMMITTEE: DICK MARKLE and BOB BYERS co-chairman and the many, many girls and boys who worked like slaves to transform the gym into a lovely place.....

CLOWN COMMITTEE: "COWBOY" PAYNE & PAT BURCHFIELD, co-chairmen. MAKE-UP COMMITTEE: JERRY NEES, FAY TUTTLE, PAUL ROMAN, DR. SHIPLEY LINGO and MARY CLAIR LINGO.

CLOWNS: BEULAH BOES, BETTY SCANK, MARGARET HART, WEBB CUNNINGHAM, LES BROWN, BOB GREIVES, TED LOVEALL, HERBIE HURST, DICK STRAIN, JIM PERKINS.

GATE COMMITTEE: WM.J.EVANS, BOB SMITH, ESTILL ROTH, DAN FENNIMORE  
P.A.SYSTEM: JACK AGNEW.

AB HALLOCK was the cynosure of all eyes at the Christmas Party. He had on a loud red velvet suit and rode into the gym in an old fashioned conveyance. Longwhiskers, too.

(THE SPIRIT'S one week late. We know it. First time in 237 issues)

THE OFFICE TEAM is tooting their tin whistle over their recent tie for first place. Two games behind, they tied with the Firehouse Five and the Nor'way Five for first place!! The big rolloff is January second.

BHC - "WILL WE HAVE TO SAY IS "HAPPY NEW YEAR!"

SPECIALTIES PLANT No. 3 - by MARCIE & MARY LOU

While EARL DRAKE vacations, BILL MCDANIELS is pinch-hitting at Specialties...DALE MURPHY goes Navy on January 8th....MRS. BEVERLY COTTOM is leaving to take up housewifely duties.....HELEN AUSTIN & JOAN JOHNSON were two of the carolers in the CSC Chorus.....They've quit calling EVA KRACKENBERGER "grandma". Teeth?.....The bowling fans have nicknamed LEE MCCLURE "Powerhouse.".....JOAN PATTERSON'S adage during the ice-covered roads is the oldy "Better late than never.".....NINA EWING and DALE MURPHY are wearing each others rings these days. ....The Lockport gals had a delightful Christmas dinner at the Dinner Bell last Thursday...ERMA STEUERWALD'S favorite "Give me a Kiss to Build a Dream On."

### EXCUSE IT PLEASE

In listing the blood donors in the last issue, the name of VIRGIL FAGG was omitted. Our sincerest thanks for your unselfishness in giving of your blood where so badly needed.

### RED JEFFER'S TIMECARD NUMBER RETIRED WITH HIM

When "RED" JEFFERS came to work at Solvents, back in February, 1920, he was given Card No. 1. He has held that number all these thirty years. When RED was retired recently, Clock Card No. 1 was retired with him.

### CARLSTADT, N.J. MAINTAINS TERRIFIC SAFETY RECORD

The following letter received from JACK MORRIS of CARLSTADT, N.J. plant:

"We are glad to tell that earlier this month the fifth year of our plant safety record began without a lost time accident, so God willing, it looks like a Happy New Year ahead. Meanwhile, a Merry Christmas to all from Carlstadt."

### MILITARY NEWS

MARION LESLIE - 25 lbs heavier - visited Time office last week. Marion is down at Camp Gordon, Virginia. He's been playing some basketball....

HARVEY D. MILNER, now a Pfc, visited us last Friday. Uncle Sam has contributed 20 additional pounds to his stature. He is stationed at Fort Jackson, S.C., the 31st Inf. Divn.

ARTHUR KUNES looks natural back at the plant after a long hitch in the army. He was Bacteriologist at Fitzsimmons General in Denver before being sent to Korea. It's nice having some of our military back home. Let's have more of them, Uncle.....

### NOTE FROM FRANK VARDIN, JR DOWN LOUISIANA WAY

THE BEST WAY: "The best way is for each of us, quietly, without excitement or fear, to do the daily job before us."

"...So few things happen at Harvey that we can't even get one interesting paragraph, that is interesting to other than Harvey employees. Like the majestic river (poetry) that flows past our back office doors, we just seem to roll along.

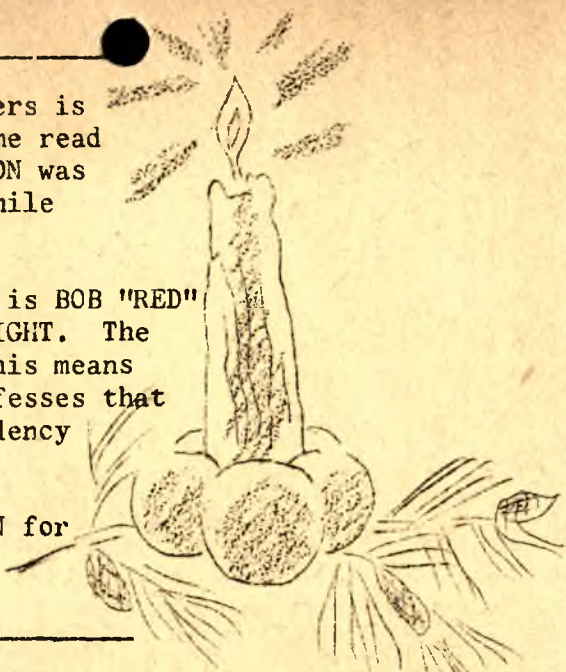

".....The attached clipping (quoted above) contains one of the finest bits of advice I have read in a long time. It seems to contain a precept which we Solventers, and all Americans, could use to adjust their lives in these troubled days. To you, and every other employee at Terre Haute, I send Holiday Greetings from all Harvey employees. May the New Year bring you Health, much Happiness and a multitude of GOOD FRIENDS.

Listed among the names of Communists-held prisoners is ED, son of OPAL FENTON. OPAL heard her son's name read over the radio at 12:30 AM, December 18th. FENTON was captured a few miles north of Seoul last April while serving with the 24th Infantry.....

The stealingest guy in the lunch-bucket division is BOB "RED" MCCULLOUGH. RED'S favorite victim is BRUCE ALBRIGHT. The buckets have names clearly printed on them but this means nothing to "stickyfingers" MCCULLOUGH. "RED" confesses that as soon as the whistle blows his kleptomaniac tendency takes over and it's anybody's lunch bucket....

The Process Department is grateful to OPAL FENTON for her Christmas tree. It cheers up the lab.....

#### DRAFTING DEPARTMENT IS BUSY, BUSY, BUSY

No Spirit news from Grafting (what am I saying?) - I mean Drafting, this time. DICK'S too busy on the Christmas party...PAUL'S too busy on bowling scores; CHUCK'S too busy hunting his P-nut brittle; NICK'S too busy engraving scrapers; DALE'S too busy keeping track of his moneybag; SCHILLING'S too busy locating a new source of root beer; JOHN'S too busy dodging letters from Santa, and who does that leave? GEORGE is too busy dodging women drivers and RAY is too busy - well, just too busy to be bothered with writing news for the little old Spirit, so I guess you're out of luck. HAPPY NEW 1952, EVERYBODY!

#### DERIVATIVES

CHARLES HALE took his last week's vacation beginning Christmas eve. If one can wait that long, what better time could there be but Christmas week for a vacation?..... The Derivatives Department expresses its sincere sympathy to HERB HUNT in the loss of his mother.....WILBURN CLOUGH was transferred (temporarily, we hope) to the smoke factory at the South Plant.

We welcome back CALVIN (BUCK) GRAHAM to this department...JOHN EASTON was recently transferred here. It doesn't seem the same around here without BILL "YEA GARFIELD" MCDANIEL. We hope to have him back the first of the year.....CHARLIE STEINSBERGER'S daughter, WAC Corporal, DOROTHY STEINSBERGER, was one of the honored guests at the CSC Christmas party.....JAKE WILLIAMS is beginning an investigation into how many pheasants JIM ROMAN got on his recent hunting trip to Northern Illinois...

#### ENGINEERING DIVN PRATES OF MARRIAGE, BABIES, TRIPS & SUCH

BENTLEY BROWN missed the Christmas party this year. His daughter LYNETTE was married that evening.....PHIL MCCracken's daughter, BARBARA ANN, arrived just in time for Christmas. Funny thing about it - PHIL was up at the hospital giving a blood transfusion. When he was finished he went down to the O.B. floor to see how his wife was doing. A lovely daughter greeted him.....Some of the engineers went places this Christmas. MIKE HARMAN visited his daughter in Texas; the FRED WRIGHTS go East. We got one back tho, "RED" TROWBRIDGE is back from Sterlington...

We're happy to note that JAMES, 4 year old son of the ODon KNIGHTS, is showing a steady improvement. Since last February, when he had his last paracentesis, he has been making good progress. He is now - for the first time - able to join the other children at play. The Doctors CURRY and MATTOX now seem hopeful of complete recovery, which is mighty good news to the Solvents family.

The Engineers want to extend their sincerest sympathy to E. JACKSON DIX and family in the death of Mrs. DIX..

#### GEORGE KRUZAN RETIRES AS OF DECEMBER 31st

GEORGE KRUZAN winds up his service with CSC'S Accounting Department, December 31st. The boys from his department feted him with a chicken-eating contest at Louises' on December 20th at which time he was given a remembrance from the mob. The winners in chicken eating -- a draw between GENE SHOOK and "LARD" DABLOW.....

The secretary to the office manager, ED KING, is MRS. BILL GRAY - knowed in these parts as MARTHA "WEEGIE" GRAY. Martha was formerly receptionist. She replaces Jean Mank who resigned.....BARBARA KELSOW is the new girl in Accounting. She assists with typing and getting out the mail. We're still trying to get a gal as small as MARGE BENSINGER, which is rather difficult to do and keep within the child labor law.....HARVEY WORK is wishing everyone a very happy '52.....

CHRISTMAS LEFTOVERS: He who takes but never gives may last for years, but never lives. ...A gift is not really given so long as you keep talking about it...

# ANALYTICAL

There are two labs hitting the limelight of late. Lab 4 has turned into a shoeshine parlor. (Maybe it helps open the door to greater things.) Lab 6 has been proclaimed Office of the "Head" Chemist. (Possibly because of the glossy dome.)....."TINY" BEARD visited the lab during the Christmas furlough. He's at Camp Breckinridge and that aint good.....

CLANCY surprised everyone last week when he came to work all dressed up - even to a tie....Vacations do not worry LARRY JONES. He can take them or leave them. Just ask him.....BOB WEIMAN is having a one-man show of interesting photos..... Most of the fellows understand why Santa has white hair, but what keeps him so jolly is hard to figure unless he is getting things wholesale somewhere.....Our dreams of a mild winter have been shattered - just when we were comparing Indiana to California.

....If you have any lots to sell, call Woods, Extension 357.....

## BETTY HUGHES ON THE RESEARCH SCENE

Due to the generous yuletide spirit of DR. BACHMAN, a gay Christmas party got under way Thursday evening at Seminar. ROY COHEN was in charge and willing helpers saw to it that every thing was in order. JACK WESTHEAD decorated the room; the assay lab girls trimmed the tree; LANNIE WAGNER made the coffee; MURN LAW, DOROTHY MEDLEY and TOBY WEGRICH served ice cream and cake. The record player and records were furnished by ART CLOUGH and OPAL HENDERSON. Dr. BENNETT, dressed in Santa attire, gave out the varied and unique grab bag gifts.....

DR. JOE PENSACK spoke before the Marshall, Illinois Rotary Club, December 4th on "More speed, less Feed.".....The swine feeding experiment at Lockport farm has been completed - and most successfully.....WARREN PUGH, TOM CRAIG and WALTER GERARD have successfully completed a course on "Adolescent Psychology" at Indiana State....T.S. CARSWELL and MINOR WILSON returned from the west coast abounding with the spirit of Christmas.....JOE PENSACK attended the meeting of the Nutritional Section of the National Research Council in Washington, D.C. He now wants to join the \$400 Club with someone else' money....DR. JERRY HARRIS can be found in the production department at Penicillin.....DICK KNOTTS took his physical examination in Chicago recently.

Due to the serious illness of his father, DR. URS NAGER was granted a leave of absence to return to his home in Switzerland. Mrs. Nager accompanied him....THELMA KRAVETS returned from her Florida vacation gloriously tanned....MABEL RODGERS new Chevrolet is bright red.....VIRGINIA STEWART wishes to thank everyone in Research for their many kindnesses...

Small, but beautifully decorated trees, adorned the assay lab and Research office.. DR. BENNETT came back from Dixie with a scarred forehead and a firm conviction that down in Louisiana they mean what they say about the "damnyankee" business.....

## DR. CAMPBELL AND RESEARCH SIDELIGHTS

DR. GEORGE KIDO of the Wisconsin Alumni Research Foundation visited us here to see for himself where all the insecticide samples originate. which he lists....RAY and DARLEEN OLINGER had an early Christmas surprise when Mrs. OLINGER'S parents, Mr & Mrs Ira Daniels of Scottsbluff, Nebraska, drove in Monday night just ahead of the heavy snowfall.

The ART CAMPBELLS received a Five-generation picture of his mother, aged 86, down to her three-month's old great, great granddaughter....Some of the Pharmaceutical boys were having a poker party recently when the cops raided the joint. Reports have it that WALT ROBERTS should be studying law instead of science. "Florida" JO DAWKINS was quite incensed when HELEN THEODORE wouldn't put JO's specially handmade snowball on the pharmacology Christmas tree....BILL ROLKE reports that his family is entirely moved into their home at 2029 South 19th Street.....BILL BURKEYBILE says that life really begins at 40 and that the first year has been fine.....A birthday for ART CLEMENTS was celebrated by the Storeroom Wreckers Monday.....TOM and MARY ANN CRAIG celebrated their eighth wedding anniversary, aided and abetted by the WALTER GERARDS. His bowling team is looking for Tom's scalp, since he didn't bowl....Did anyone hear of the SCHMITZ-YAO tussle on the ice?....PHIL BAKER finished his vacation time at home. ....M.GRIFFITH is vacating at White Plains, New York. Here's hoping the snow doesn't get too deep for the return trip.....

CHEMICAL PILOT NOTES: MAX BAILEY is in the market for a seeing-eye dog. (Attn: JIM BRUMMETT)...EARL WRIGHT will soon qualify as a stoker repairman..BOB DRUMMOND can eat plenty but not all that E.WRIGHT brot him from the storeroom...JOHNNY BITTS & HERMAN LUKEN have joined the TV gang...According to BUCK BYERS this cold weather is nothing compared to Galesburg, Illinois where they had to build a fire under the cows to milk them....

## STORKLINE NOTES

Wm E. ADAMS introduces MADONNA ROSE, his first, born Nov. 19th at 6:45 AM, weighing 6 lbs 1 ounce on Union Hospital scales.....

JIM BROWN (Research) became a papa on November 23rd when RANDY arrived at 2 PM. Union Hospital records show 7 lbs 9 ounces. BENTLEY BROWN is the proud grandpa in this case....

On Dec. 2nd at 12:40 PM, LOUANNA ROSE joined two brothers and a sister in the JIM ROYER family. The 7# 4oz lassie was born in the Brazil Hospital. The brothers and sister are BRUCE, HAROLD and PHYLLIS MARIE....

PAUL HOCKENBEAMER introduces PAMELA JOAN, born Dec. 10th, 8 PM weighing 7 lbs 8 oz at Union Hospital. DEBORAH ELLEN is her sister...

BARBARA ANN joined the PHIL MCCracken household on December 10th, at half past noon. Union nursery crowd welcomed her. This 8#2ounce gal has a brother MICHAEL GLENN....

OLIVER HAYES wants the world to know that he's a Grandpa. It's a boy!

ALBERT LUKEN'S has a boy - ALBERT WAYNE, JR., born December 20th, 3 A.M. Saint Anthony's hospital weighing machine recorded 7# 14 oz. He has two sisters - SHERYL and TERESA ANN.

### PENICILLIN FINISHING - MARY HEDDING, reporter

Santa came to the north plant with thirty-six new chairs in his pack...Three of our girls have moved to the lab - HELEN RICHMOND, MARY ANN EVANS & BARBARA COLLINS..... REGINA MYERS has a new sparkler, received just before the boy friend left for service....Welcome to a trio from the alcohol line - BARBARA THRONBURG, BETTY SCANK and MARGARET HART.....PAT CONN is a proud aunt for the first time....From the way MARY RUTH PERKINS & JEAN ROBERTS throw snowballs, they'd make a terrific addition to the Phillies pitching staff.....MARGARET HART wore a very clever Duck outfit; BETTY SCANK was a rabbit at the clown circus of the Christmas party....

The Penicillin Finishing Division Christmas dinner was a great success. It was held at Berry's Restaurant. There was a gift exchange and GENE SHOOK was on hand with the camera..... The gals showed their appreciation to their bosses CHET ROWLEY, MARION TISLOW, PAUL WEST & DENNIS SOUTHWOOD by presenting them with corduroy and gaberdine shirts.....PEGGY BAILEY'S eight reasons for hating winter is that her car gets stuck every day and she falls up the icy hill. The other six reasons are negligible.....NORMA BAKER has a new addition to her engagement finger.....

GENE BOROUGHS furthered the Spirit of Christmas by placing a lovely Christmas tree in the hall so everyone could enjoy it....BETTY MARTIN PRICE is most delighted with her wedding present from the girls.....PAT MCCLURE'S holiday had a gloom spread over it when the B.F. received greetings from Uncle Sam....JANICE WINLAND received a pair of straw shoes and scarf from a certain male stationed in Puerto Rico.....

LEE REECE & JIM HANSON have it made. No more lifting boxes. A conveyor takes the boxes right down to destination now.....HAROLD CANINE is a proud Grandfather... MARION TISLOW sent his wife and daughter to Tennessee while installing the new furnace...FRANCES MILLER & JEAN JOHNSON sang in the CSC Chorus at the Christmas party.. WANDA BARRETT spent a happy weekend with someone home on furlough....MARTHA SRYGLY'S lovely diamond ring was a "Birthday" present.....While ROLLIE MOORE enjoys a week's vacation, the lab misses him.....TOM, the favorite of the animal house, is currently in the cat hospital.....

### VISITORS AT SOLVENTS

The Pen plant plays hosts to many groups. More recent visitors include the Home Bureau Unit of Marshall, Illinois; Better Home Makers Club of Green Township, Waveland, Indiana; 28 students from Van Buren High School, Brazil; Otter Creek Home Ec Club; Lafayette Home Economics Club; Students from St. Mary of the Woods College, and 25 members of the Prairie Creek Home Economics Club...

### BOGIN INSTITUTE GRADUATES ADVANCE WITH COMPANY
